# Get Started in RamQuest

Learn to access Closing Market from your RamQuest file to generate AgentNet® Integration products and service requests.

Beginning from an existing RamQuest file:

1. Click

   NOTE: **Closing Market** Services window opens navigating you to the **First American Title AgentNet** section. Below the disclaimer, you see your **File #**, **Loan #, Mortgage Amount**, and fields to enter your **AgentNet** login credentials.

2. Click **Submit**

   NOTE: Once **Closing Market** has been accessed, the button will then read **Update**.

3. Enter your **AgentNet®** credentials
   NOTE: You can click the **Remember Me** checkbox to save your **AgentNet ID**, if preferred.

4. Click **Login**

   NOTE: **Closing Market** logs you into **AgentNet** and you see the file information to be imported into **AgentNet.**

5. Click **Create File**

6. Click **Continue** to respond to the confirmation that the file was successfully created in **AgentNet**

7. Select an option in the **Product** dropdown list
