

Set Download Preferences in AgentNet®

Learn how to set file format preferences for your downloaded Title Commitments.

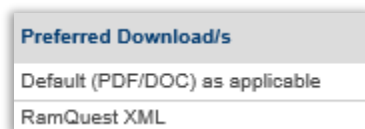

Beginning from the Home page of [AgentNet](#):

1. After logging into **AgentNet**, click 
2. In the **Title Commitment Download Preferences** section, click 
3. In the **Title Commitment Download Preferences** dialog box, select **RamQuest XML**
4. Click **Save**

The dialog box titled "Title Commitment Download Preferences" contains a section "Select one or multiple downloads for your preference/s:". It lists five options with checkboxes: "AgentNet Standard XML", "FL ALTA Loan Policy", "FL ALTA Owner Policy", "RamQuest XML" (which is checked and marked with a red circle containing the number 3), and "TitleExpress". At the bottom, there are "Save" and "Cancel" buttons, with the "Save" button marked with a red circle containing the number 4.

NOTE: The **Preferred Download/s** display showing your selection.

The "Preferred Download/s" display shows a list with two entries: "Default (PDF/DOC) as applicable" and "RamQuest XML".
