

Job Aid: How to Set Download Preferences in AgentNet®

The purpose of this document is to show you how to set download preferences in AgentNet.

1. After logging into **AgentNet®**, click **Welcome Profile** 
2. Click **Add** in the **Title Commitment Download Preferences** section
3. In the **Title Commitment Download Preferences** dialog box, select **AgentNet Standard XML**
4. Click **Save** 

The dialog box is titled "Title Commitment Download Preferences". Below the title is the instruction "Select one or multiple downloads for your preference/s:". There is a list of three items: "AgentNet Standard XML" (checked with a red circle 3), "RamQuest", and an empty checkbox. At the bottom are "Save" (with a red circle 4) and "Cancel" buttons.

NOTE: The **Preferred Downloads** display in the **Title Commitment Download Preferences** section.

Preferred Download/s
Default (PDF/DOC) as applicable
AgentNet Standard XML
